# DYNAMIC AESTHETICS INSPIRED BY NATURE

WITH INNOVATIVE AND DRAMATIC DIRECTIONS, CORIAN® DESIGN INTRODUCES IMAGINATIVE AESTHETICS THAT STIMULATE NEW IDEAS AND EXPAND YOUR DESIGN POSSIBILITIES TO MAKE YOUR SPACE™.

From a world filled with rich inspiration, Corian® Design has extracted visions from areas as diverse as the forest, mid-century modern design, translucent stone and industrial decor. The aesthetics that have emerged emphasise the intention and trend-forward mission of Corian® Design and offer unique possibilities for design styles and applications.

Corian® Design's new Solid Surface and Quartz aesthetics realise designs that can inspire your creativity in bold directions. Whether used individually or coordinated with various aesthetics, they all provide the opportunity to Make Your Space™.

## CORIAN® SOLID SURFACE

INTRODUCING FIFTEEN NEW CORIAN® SOLID SURFACE AESTHETICS RANGING FROM THE CHIC SIMPLICITY OF SOLID COLOURS TO THE MULTI-FACETED ASPECTS OF TRANSLUCENCE.

With an eye to contemporary design, as well as traditional applications, Aggregate, Terrazzo and Linear are new options with looks that transcend their inspirations. Aggregate collaborates with Corian® Concrete, adding visual depth and movement, strewn with aggregate particles, Terrazzo celebrates a mid-century ambience, and Linear creates a clear vision with undeviating striations.

The natural world is the source for limitless inspiration and the new designs of Nuwood and Onyx celebrate nature's true beauty. Nuwood offers ways to reinterpret the look of wood with the numerous possibilities of Corian® Solid Surface. The new Onyx designs colourfully expand the flowing aesthetic and maintain the duality of the translucent material, beautiful when illuminated from above or below.

Solid colours provide an energetic statement to the designed space, and with their natural inspirations the newly created hues of Verdant and Laguna indeed offer directional colour options whether used alone or paired with other aesthetics.

COVER PAGE: Two-toned kitchen interior with custom-designed Corian® sink, backsplash in Corian® Quartz (Bianco Marmor colour); countertops in Corian® Solid Surface (Carbon Aggregate colour) with side panels in Corian® Solid Surface (Carbon Concrete colour).

### NEUTRAL AGGREGATE

The light hue of Neutral Aggregate belies its strong aesthetic. Though quiet at first glance, the particles within the surface reveal robust design elements. Related to Neutral Concrete, Neutral Aggregate's pale colour is coordinated to offer a broadened design range. The simple design embraces multiple style directions as it maintains its soft flowing background and adds staccato movement to add further depth. Whether home or office, the unique look creates an exclusive design statement.

L-shaped kitchen countertop in Corian® Solid Surface (Neutral Aggregate colour) with Corian® sink; tabletop in Corian® Solid Surface (Beech Nuwood colour).

### CARBON AGGREGATE

Dynamic and authoritative, with a dusky grey colour inspired by Carbon Concrete, Carbon Aggregate intensifies its rich aesthetic with dimension and movement. It asserts a profound colour statement with its dark hue and flowing background, all enhanced with fragments that add to the visual strength of the design. Carbon Aggregate creates a powerful and substantial look to enrich commercial and residential environments, whether used as a single statement or combined with other aesthetics.

Two-toned kitchen interior with custom-designed Corian® sink, backsplash in Corian® Quartz (Bianco Marmor colour); countertops in Corian® Solid Surface (Carbon Aggregate colour) with side panels in Corian® Solid Surface (Carbon Concrete colour).

## WEATHERED AGGREGATE

The warm taupe colour of Weathered Aggregate acquires added attraction with the addition of particulates throughout its surface. Related to Weathered Concrete, this aesthetic takes on an advanced technical look that appears both modern and natural. Those qualities create the capability of enhancing practically any environment. Weathered Aggregate is an ideal balance between familiar and comforting colour, and unique, innovative design prepared to create industrial modern appeal.

Mirror border and countertop in Corian® Solid Surface (Weathered Aggregate colour) surrounds a Corian® vanity and contrasts with the natural wood cabinetry.

ASH AGGREGATE

The light grey hue and monochromatic movement of Ash Aggregate is enhanced with scattered particles that create a robust visual presence. Ash Aggregate is self-assured with a design that can stand on its own, or allow another element to take centre stage. It is a deliberate neutral colour statement that becomes a statement beyond its neutrality.

Industrial chic eatery decorated with monolithic serving station block in Corian® Solid Surface (Ash Aggregate colour) with base trim in Corian® Solid Surface (Carbon Concrete colour); serving station tabletops in Corian® Solid Surface (Neutral Aggregate colour).

PEBBLE TERRAZZO

Defining a modern industrial look, Pebble Terrazzo’s muted colours and diverse patterning unite to suggest an easy transition of style. The subtle background of grey is given a catalyst of vitality with the angular white particles embedded throughout its surface. Equally adept at enhancing contemporary spaces, as well as traditional looks, Pebble Terrazzo is introduced as a modern classic.

Kitchen countertops and side panels in Corian® Solid Surface (Pebble Terrazzo colour) evoke a mid-century atmosphere.

BASALT TERRAZZO

Basalt Terrazzo infuses dark, formal aesthetics with an invigorating contrast. The design's black ground is scattered with grey and white chips that remain true to its mid-century modern roots, but advance the look to a thoroughly modern allure. Desired for its modern design, Basalt Terrazzo can easily transition to more traditional looks and is a welcome aesthetic in the boardroom as well as the bedroom.

Elongated corporate boardroom tabletop in Corian® Solid Surface (Basalt Terrazzo colour); a trio of wall panels at one end of conference room in Corian® Quartz (Ashen Gray colour).

DOMINO TERRAZZO

Animated with high contrast black and white, the Domino Terrazzo aesthetic brings mid-century modern inspiration to life. Though the colour combination is simple, the dynamic play of dark, sharply defined particles against the light background creates a distinct energy that is playful to the eye, yet retains its high-end style. Domino Terrazzo sets a new standard for design in the home, at the office or anywhere a design statement is desired.

Wall panel relief in Corian® Solid Surface (Domino Terrazzo and Verdant colours) designed for a modern operator.

SILVER LINEAR

With deft strokes, Silver Linear defines clean, modern aesthetics with an array of grey hues streaming through its white background. The colour contrast offers a sharp, dynamic approach to its design and creates a stylish look with vertical or horizontal applications. “Classically modern” describes the look which is a new alternative for traditional and contemporary design. Silver Linear delivers continuous movement and colour that celebrates design with a new aesthetic energy.

Hotel suite bathroom with wall and countertop in Corian® Solid Surface (Silver Linear colour) featuring a pair of Corian® vanities; open shelving beneath basins in Corian® Solid Surface (Ash Aggregate colour).

## SEPIA LINEAR

Striking, sweeping veins of beige and brown course through the surface of Sepia Linear and energise this neutral-hued creation. The look is natural, as if sliced from the earth, and offers a stylish, straightforward alternative for directional veining. With subtle colouring balancing the strong aesthetic, Sepia Linear achieves an understated design dynamic suited to transitional designs as well as quiet, modern looks.

Bathroom walls in Corian® Solid Surface (Sepia Linear colour) paired with classic bathroom fixtures and custom Corian® shower tray.

BEECH NUWOOD

Light and clean, innovative Beech Nuwood appears sunwashed with an aesthetic that is natural and refreshing. The pale beige colouring and natural graining mimic the beauty of natural beech wood and create a design suggestive of relaxation and ease. The Beech Nuwood aesthetic, inspired by wood's natural characteristic's, comprises subtle movement and gentle colour to create an easygoing style.

Master bathroom with shower walls in Corian® Solid Surface (Beech Nuwood colour); bathtub (below) with border outfitted in Corian® Solid Surface (Mahogany Nuwood colour).

# MAHOGANY NUWOOD

With a masterful presence, Mahogany Nuwood balances its sumptuous, classic roots with a commanding sense of modern style. The warm brown colour and richly grained aesthetic are an advanced homage to the natural beauty of mahogany and create a look that embraces a distinct style. From residential to commercial interiors, traditional as well as contemporary design, the timeless appeal of Mahogany Nuwood reigns supreme.

Airport lounge reception desk and seating in Corian® Solid Surface (Mahogany Nuwood colour); reception countertop in Corian® Solid Surface (Neutral Concrete colour); wall panels in Corian® Solid Surface (Neutral Aggregate colour).

# GOLDEN ONYX

Gold, coveted and enduringly chic, establishes the new aesthetic of Golden Onyx. Warm golden yellows flow through its crisp white background creating a look that can be casual or opulent. The swirling pattern is a mere element of the design as its translucent quality allows light to permeate and illuminate the surface. With patterning and colouring that stir emotions, and translucence presenting a new level of possibilities, Golden Onyx offers a combination of fashionable aesthetics and enduring style.

Wall panels in translucent Corian® Solid Surface (Golden Onyx colour) in contemporary bathroom space outfitted with Corian® vanities and countertops in Corian® Quartz (Bianco Marmor colour).

## VERDANT AND LAGUNA

A world lush with vegetation, and teeming with technology, such are the inspirations for Verdant. This new green tone encapsulates the best of nature's inspirations with the modern influence of technology. Created to bridge multiple worlds of influence, Verdant conjures both nature and machine. It soothes the psyche as it suggests cooling forests, and engages the eye with its look of a softened, metallic patina. Its duality is key for multiple commercial and residential applications, and for introducing a green that is modern and fresh.

Laguna suggests moments by the water and time spent relaxing with friends and family. This new, rich blue is distinctly natural, genial and a trend-forward alternative to navy. Commercial and residential applications benefit from this versatile hue as it suggests classic design and carefree lifestyles. It can appear as crisp as a casual blazer, as sparkling as the sea or as quiet as a lake. Laguna is the blue of endless summer and endless design possibilities.

Café counters and side panels in Corian® Solid Surface (Laguna colour) paired with tabletops and bench seating in Corian® Solid Surface (Verdant colour).
